**WHAT HAPPENS ONCE I AM APPROVED FOR THE PROGRAM?**

Once you are approved for the program, the Community Development Housing Specialist will inspect the property. Any properties built prior to 1978 will be required to have a Lead Paint Risk Assessment performed.

The Housing Specialist will write specifications of all the items that do not meet the City of Wausau housing ordinances. Once rehabilitation is complete, the house must meet all applicable city codes.

These specifications will be distributed to approved licensed contractors, and bids for the project will be obtained.

The Housing Specialist will review the bids with the homeowner and a contractor will be chosen.

A mortgage and note, not to exceed \$25,000, will be executed. The contracts between the homeowner and the contractor will be signed.

The contractor will perform the work on the property.

Once the contractor has completed the specified work, the contractor will be paid following and successful inspection. Lien Waivers will be obtained at the time of payment.
