The clerk shall notify the applicant that his application is approved or disapproved and if no license is issued, shall remit one-half of the license fees paid, retaining the remainder of the fees as reimbursement to the city for the cost of such investigation.

ADULT-ORIENTED ESTABLISHMENTS

- 5.18.010 Purpose.

- 5.18.110 Prohibition.
- 5.18.120 Violation—Penalty.

5.18.010 Purpose. It is a lawful purpose of the common council of the city to enact regulatory ordinances protecting and promoting the general welfare, health and safety of its citizens. The common council deems it necessary to require licensing and regulation of adult-oriented establishments, namely, adult book stores, because many such establishments install booths with doors in which patrons can view adult-oriented movies or video tapes or film or view other forms of adult entertainment and that it has been found in many localities that viewing booths in such establishments are used by patrons for engaging in sexual acts, particularly between males, which results in unsafe and unsanitary conditions in said booths. Pathogenic agents responsible for sexually transmitted diseases have all been isolated at one time or another from body fluids, which have been found to be frequently present in viewing booths in adult-oriented book stores. It is thereby necessary for the common council to regulate adult-oriented book stores for the protection of the public health, safety and welfare. (Ord. 61-4791 §1(part), 1993.)

5.18.020 Definitions. For the purpose of this chapter, the following words and phrases are defined as set forth herein:

(2) A commercial establishment may have other principal business purposes that do not involve the offering for sale or rental of material depicting or describing “specified sexual activities” or “specified anatomical areas” and still be categorized as, adult bookstore, adult novelty store or adult video store. Such other business purposes will not serve to exempt such commercial establishments from being categorized as an adult bookstore, adult novelty store or adult video store so long as one of its principal business purposes is the offering for sale or rental for consideration the specified materials which are characterized by the depiction or description of “specified sexual activities” or “specified anatomical areas.”

(3) Notwithstanding the foregoing, a commercial establishment which offers for sale or rental any of the items listed in subsection (1)(A) of this section will not be considered to have as one of its principal business purposes the offering for sale or rental for consideration the specified materials which are characterized by the depiction or description of “specified sexual activities” or “specified anatomical areas” provided all of the following conditions are met:

(A) Total gross revenues from the sale or rental any of the items listed in subsection (1)(A) does not exceed fifty percent of the commercial establishment's gross revenue;

- (3) Films, motion pictures, video cassettes, slides or other photographic reproductions which are characterized by the depiction or description of "specified sexual activities" or "specified anatomical areas";

and which is required to be licensed under Chapter 5.20 of this code.

(c) "Adult entertainment" means any exhibition of any motion pictures, live performance, display or dance of any type, which has as its dominant theme, or is distinguished or characterized by an emphasis on, any actual or simulated specified sexual activities or specified anatomical areas as defined below, or the removal of articles of clothing to appear totally nude or to display a nude genital area or female nude breast or breasts.

(d) "Health department" means the Marathon County health department, health officer or his designee or authorized agent.

(Ord. 61-4997 §1, 1998; Ord. 61-4791 §1(part), 1993.)

5.18.030 License required. (a) No person, firm or corporation shall operate, conduct, maintain or own an adult-oriented establishment without first obtaining an adult-oriented establishment license, except that an adult-oriented establishment operating on the effective date of this chapter may continue to operate for a period of ninety days after said effective date without such a license. Licenses may be issued only to adult-oriented establishments which are located at a fixed and certain place. Any person, firm or corporation which desires to operate more than one adult-oriented establishment must have a license for each.

(b) No license issued hereunder may be transferred to any person, firm or corporation nor shall such license be transferred to another location.

(c) No person, firm or corporation shall operate, conduct, maintain or own an adult cabaret without first obtaining a public exhibition or tavern entertainment license as required by Chapter 5.20 of this code. (Ord. 61-4997 §2, 1998; Ord. 61-4791 §1(part), 1993.)

An amended application form shall be filed by any corporate licensee upon any change of officer, director, or agent. Such amended application shall be reviewed in the same manner as a new application. A fee as provided in section 3.40.010(a) shall be paid to the city upon submission of an amended application. (Ord. 61-5605 §5(part), 2014; Ord. 61-4791 §1(part), 1993.)

5.18.050 Standards for issuance. The public health and safety committee of the common council shall review all applications received hereunder within thirty days after filing thereof, and shall consider the review and recommendations of the chief of police and health department. In recommending action on issuance or nonissuance of such licenses to the common council, the committee shall consider the probable impact of the location of the proposed business in the area proposed to be licensed, the fitness of the applicant to operate such an establishment, the history of the operation of the establishment or the history of the applicant in operating such an establishment. In addition, the following requirements must be met:

(a) An individual applicant must be at least eighteen years of age and must not have been found to have violated this chapter or a similar law or ordinance within five years immediately preceding the date of the application.

5.52.010 Authority. (a) This ordinance is adopted by the common council under the authority granted by Section 134.71 of the Wisconsin Statutes.

5.52.020 Purpose. (a) The city council finds that use of services provided by pawnbrokers provides an opportunity for the commission of crimes and their concealment because pawn businesses have the ability to receive and transfer property stolen by others easily and quickly. The city council also finds that consumer protection regulation is warranted in transactions involving pawnbrokers. The city council further finds that the pawn industry has outgrown the city's current ability to effectively or efficiently identify criminal activity related to pawn shops. The purpose of this chapter is to prevent pawn businesses, secondhand stores, and secondhand jewelry dealers from being used as facilities for the commission of crimes, and to assure that such businesses comply with basic consumer protection standards, thereby protecting the public health, safety, and general welfare of the citizens of the city.

(b) To help the police department better regulate current and future pawn businesses,

secondhand article dealers, and secondhand jewelry stores decrease and stabilize costs associated with the regulation of the pawn industry, and increase identification of criminal activities in the pawn industry through the timely collection and sharing of pawn transaction information, this chapter also implements and establishes the required use of an automated pawn tracking system as designated by the police department. (Ord. 62-5568 §1 (part), File No. 96-0422.)

provided, however, that references displayed on the newsrack relating to news stories and advertising contained within the newspaper or news periodical sold therein shall not be a violation of this subsection.

(d) Each newsrack shall have affixed to it in a readily visible place so as to be seen by anyone using the newsrack a notice setting forth the name and address of the distributor and the telephone number of a working telephone service to call to report a malfunction, or to secure a refund in the event of a malfunction of the coin-return mechanism, or to give the notices provided for in this chapter.

(e) Each newsrack shall be maintained in a neat and clean condition and in good repair at all times. Specifically, but without limiting the generality of the foregoing, each newsrack shall be serviced and maintained so that:

5.61.070 Location and placement of newsrack. Any newsrack which rests in whole or in part upon, or on any portion of a public right-of-way or which projects onto, into, or over any part of a public right-of-way shall be located in accordance with the provisions of this section:

(d) No newsrack shall be placed, installed, used or maintained:

(1) At any marked or unmarked crosswalk in such a manner that its placement impedes the normal flow of pedestrian traffic at such locations or impairs visual observation of drivers of vehicles at such locations;

(2) Within ten feet of any fire hydrant, fire call box, police call box or other emergency facility;

(3) Within five feet of any driveway;

(4) Within three feet of the outer end of any bus bench;

(Ord. 61-4818 §1(part), 1993; Ord. 61-4809 §1(part), 1993.)

5.61.080 Violations of chapter. (a) Upon determination by the director of inspections that a newsrack has been installed, used or maintained in violation of the provisions of this chapter, an order to correct the offending condition will be issued to the distributor of the newsrack. Such order shall be in writing to the distributor and mailed by certified mail, return receipt requested.

(b) The order shall specifically describe the offending condition, suggest actions necessary to correct the condition, and inform the newsrack distributor of the right to appeal. Failure to properly correct the offending condition within five days (excluding Saturdays, Sundays, and legal holidays) after the mailing date of the order or to appeal the order within three days after its receipt shall result in the offending newsrack being summarily removed and processed as unclaimed property. If the offending newsrack is not properly identified as to owner under provisions of section 5.61.060, it shall be removed immediately and processed as unclaimed property. An impound fee, which shall be measured by the city's cost and expense of impounding, shall be assessed against each newsrack summarily removed. The director of inspections shall cause

inspection to be made of the corrected condition or of a newsrack reinstalled after removal under this section. The distributor of said newsrack shall be charged an inspection fee as provided in section 3.40.010(a) for each newsrack so inspected. This charge shall be in addition to all other fees and charges required under this chapter. (Ord. 61-5605 §13(part), 2014; Ord. 61-4809 §1(part), 1993.)

5.61.090 Appeals. Any person or entity aggrieved by a finding, determination, notice, order or action taken under the provisions of this ordinance may appeal and shall be appraised of his right to appeal to the administrative review board. An appeal must be perfected within three days after receipt of notice of any protested decision or action by filing with the office of the city clerk a letter of appeal briefly stating therein the basis for such appeal. A hearing shall be held on a date no more than ten days after receipt of the letter of appeal. Appellant shall be given at least five days notice of the time and place of the hearing. The administrative review board shall give the appellant, and any other interested party, a reasonable opportunity to be heard, in order to show cause why the determination of the director of inspections should not be upheld. At the conclusion of the hearing, the administrative review board shall make a final and conclusive decision. This decision shall be immediately appealable to a court of competent jurisdiction. (b) No license issued under this chapter authorizes the holder to vend in any public park including driveways, parking areas, and public rights of way within city parks.

(b) A licensee may be a corporation, cooperative or partnership; however, the application and license shall designate a primary individual who is regularly involved in all phases of the production process and who is responsible for the vending operation. Such corporation, cooperative or partnership shall be liable for the acts or omissions of its supplemental vendors, but such liability shall not relieve any individual supplemental vendor from liability from his/her own acts or omissions.

(c) Age. All applicants must be at least 18 years of age.

(d) Insurance. An applicant must have in force adequate liability insurance and must agree to indemnify, defend, and hold the city, its employees and agents harmless against all claims, liability, loss, damage, or expense incurred by the city as a result of any injury to or death of any person or damage to property caused by or resulting from the activities for which a license may be granted. As evidence of liability insurance, the applicant shall furnish a Certificate of Insurance, on a form acceptable to the city, evidencing the existence of commercial general liability insurance naming the City of Wausau, its employees and agents as additional insureds with minimum limits of one million dollars (\$1,000,000.00) in the aggregate. (h) Investigation.

(1) Upon receipt of an application and fee, the city clerk shall refer the application to the chief of police or his/her designee. The chief of police or his/her designee shall make an investigation of the accuracy of the statements made in the application and determine whether the applicant has been convicted of a felony, misdemeanor, statutory violation punishable by forfeiture, or county or municipal ordinance violation in which the circumstances of the felony, misdemeanor, or other offense substantially relate to the circumstances of the permitted activity and, if so, the nature and date of the offense and the penalty assessed.

(2) If, as a result of an investigation, the chief of police or his/her designee discovers that any representation on the application contains a material omission or inaccuracy, or the chief of police or his/her designee is of the opinion that the applicant is not a fit person to conduct such sales, the chief of police or his/her designee shall return the application to the city clerk for referral to the public health and safety committee of the common council who shall approve or disapprove the same and return the application to the city clerk. Upon return of a disapproved application, the city clerk shall notify the applicant by mail and in writing that the permit has been denied, along with the reasons therefore.

(3) If as a result of an investigation, the chief of police or his/her designee is of the opinion that the applicant is a fit person to conduct such sales, the chief of police or his/her designee shall endorse on the application his/her approval and return the same to the city clerk who shall issue a license to the applicant.

(i) License.

(1) Upon compliance with the provisions of this chapter and any other applicable ordinance, a license will be issued to a mobile vendor. The possession of a license by a mobile vendor does not in and of itself entitle a vendor to the use of any specific vending site on a specific day or entitle a vendor to a minimum number of vending days during the licensing period.

(2) Licenses shall include information deemed necessary by the city clerk and shall contain at a minimum, the name, address, telephone number and contact person for the mobile vendor, type of vending allowed, and the date of issuance and expiration of the license. Any license issued for a single fixed vending site under

section 5.62.070 shall set forth the location of the fixed vending site approved for such mobile vendor.

(3) Every mobile vendor shall prominently display his/her license at all times and in plain view to the public on the mobile vending unit. No license issued under this chapter may be transferred by the licensed mobile vendor. A mobile vendor may transfer its license to another mobile vending unit owned and operated by that mobile vendor provided such other mobile vending units are approved under section 5.62.040. A mobile vendor may not operate more than one mobile vending unit within the city at any one time.

(Ord. 61-5619 §2, 2014, File No. 13-0612)

(l) Noise levels emanating from the vending site shall be kept to a minimum, shall not be directed toward the street or sidewalk, and shall be reasonable so as not to disturb the peace and quiet of those in the vicinity, including but not limited to residents, merchants and customers. No person may make any loud, unreasonable noise of any kind by vocalization or otherwise for the purpose of advertising or attracting attention to his or her wares.

(m) The Wausau Police Department shall have the authority to remove or cause the removal of any vending equipment, mobile vending unit, food, beverages, goods, wares or merchandise found on the highway, street, alley, sidewalk, public right of way or other vending location in violation of this chapter. In addition to any forfeiture that may be imposed, the violator shall also be liable for any removal, towing and storage charges incurred by the city as a result.

(n) No mobile vendor shall conduct business within seventy five (75) feet of the main entrance of any business selling same or similar products during the hours said business is open for the sale of said products, unless written permission is granted by said business and such documentation is placed on file with the city clerk.

5.62.070 Fixed Site Vending. (a) Each licensee has the opportunity to elect to vend from a single fixed vending site identified by the licensee.

(b) Each fixed vending site shall meet all applicable restrictions of this ordinance and shall be approved in advance by the director of public works.

(c) A fixed vending site shall be awarded to licensees on a “first come/first serve” basis.

(d) Any licensee shall be allowed to request one (1) change to his/her fixed vending site during each license year which shall be subject to the approval of the director of public works.

(e) The location and dimensions of a licensee’s fixed vending site are not guaranteed to remain available. Public construction, sidewalk, street or other right of way improvements or redesign may result in a fixed vending site being moved, reduced in size, eliminated, or otherwise altered, at any time.

(f) If the fixed vending site becomes temporarily or permanently unavailable as provided in subsection (e) or due to special events, or other unforeseen circumstances, the licensee may apply to the director of public works for an alternate fixed vending site.

(c) Violations, how calculated. In determining the accumulated demerit points against a license within twelve (12) months, the City shall use the date each violation was committed as the basis for the determination.

(d) Suspension or revocation of license.

(1) The Public Health and Safety Committee shall call before it for purposes of a revocation or suspension hearing all licensees who have accumulated 100 points in a twelve-month period as a result of court imposed convictions or who have had referred to it reports from the City Attorney which, if believed, would result in 100 demerit points in twelve (12) months.

(A) Formal expression of concern. In those instances in which a licensee has accumulated less than 100 demerit points as determined by the City Attorney, and additional violations on one date would result in the accumulation of at least 100 points but not more than 200 points, the Public Health and Safety Committee shall call before it the licensee for purposes of a formal expression of concern. If the licensee appears, no discussion of the alleged facts underlying the assessment of demerit points shall be permitted unless the licensee requests such discussion but only if the licensee is advised that any statements made by the licensee and/or her/his representatives regarding the alleged facts may be considered by the Public Health and Safety Committee in any subsequent suspension/revocation hearing which may result from the alleged violations which are the subject of the formal expression of concern. If the licensee fails to appear after service of the notice to appear, the matter shall be scheduled for a suspension/revocation hearing. Service of the notice to appear shall be by first class mail sent to the agent, if the licensee is a corporation or a limited liability company, to the licensee if an individual, or to any partner if the licensee is a partnership. If the notice is returned by the Post Office as undeliverable, the notice may be left with any employee found on the licensed establishment at least 24 hours before the date and time of the scheduled appearance before the Public

Health and Safety Committee. A formal expression of concern in lieu of the assessment of demerit points may only occur once within a one-year period.

This ordinance amendment shall apply only to violations that would trigger a formal expression of concern which occur after this ordinance is adopted.

(B) Any alcohol beverage violation not enumerated herein may still subject the license holder to suspension or revocation of the license pursuant to Wis. Stat. 125.12 procedure.

(C) Any suspension or revocation longer than ten (10) days shall result in a license eligible for immediate reissuance.

(2) If the demerit point accumulation, calculated from the date of violation, meets or exceeds: 150 points in a 12-month period, the suspension shall be for three (3) business days; 175 points in a 12-month period, the suspension shall be for seven (7) business days; 200 points in a 12-month period, the suspension shall be for twelve (12) months. If the license(s) is revoked, no other license shall be granted to such licensee for a period of twelve (12) months from the date of revocation. The period of suspension shall be the number of days the establishment is regularly open for business.

(3) Pursuant to Wis. Stat. 125.12 procedure, the license or permit issued under this chapter to a person for:

(A) bartending, shall be suspended for 14 days, if the committee finds that the person committed a violation within 6 months after committing one previous violation;

(B) bartending, shall be suspended for 12 months, if the committee finds that the person committed a violation within 12 months after committing 2 other violations;

(C) operating, shall be suspended for 3 days, if the committee finds that the person committed a violation within 6 months after committing one previous violation.

(4) Only once in each 12-month period, for any violation of 50 points, 25 points can be earned back if the tavern owner at his/her expense sends the offending bartender to responsible beverage course and the bartender completes the course; however, upon appeal, the committee may reduce points after a public hearing before the Public Health and Safety Committee.

(5) The procedure to be used for suspension or revocation shall be that found in section 5.64.076.

(6) Penalties. In this section, “violation” means a violation of this subsection if the violation results in court-imposed conviction or is the subject of a report referred to the public health and safety committee, which, if believed, would result in 100 demerit points in twelve (12) months. For purposes of determining previous violations, the period shall be measured from the dates of violations that resulted in an imposition of a forfeiture or a conviction. If the committee determines that such events in fact have occurred, the franchisee's delay shall not be deemed to be a violation of this chapter. Otherwise it shall be deemed a material breach of any agreement awarding a franchise in accordance with this chapter and shall subject the franchisee to the provisions of section 5.78.290 of this chapter and to all of the penalties and remedies prescribed in such agreement as well as all other remedies, both legal and equitable, which are available to the city.

Franchisee shall apply for all other permits required to commence construction or operate its cable communications system within thirty days of the receipt of notification by the commission to do so. Failure to apply for such waivers or permits and to comply with federal law within the time specified in this chapter shall be deemed to be a violation of this chapter and a material breach of any agreement awarding a franchise in accordance with this chapter and shall subject the franchisee to the procedure in section 5.78.290 of this chapter and to all penalties and remedies prescribed in such agreement as well as all other remedies, both legal and equitable, which are available to the city. (b) In all cases where new developments and subdivision are to be constructed and to be served in whole or in part by both underground power and telephone utilities, the owner or developer of such areas shall provide the franchisee the trench, backfill and all necessary substructures for television cables in order that the franchisee may install all necessary electronic cable communications facilities. In no event, shall such underground be at any cost or expense to the city.

(c) Failure to install cable in accordance with the construction timetable as provided in sections 5.78.070 and 5.78.080 of this chapter, or to extend cable within ninety days of a subscriber's request for service to new developments, subdivision or other areas in instances controlled by subsections (a) and (b) of this section shall constitute a violation of this chapter and a material breach of any agreement awarding a franchise in accordance with this chapter and shall subject the franchisee to the provisions of section 5.78.290 and to all the penalties and remedies prescribed in such agreement as well as all other remedies, both legal and equitable, which are available to the city. Continued failure to install or extend cable communications service during any subsequent ninety day period shall constitute a separate violation and breach and shall subject the franchisee to the remedies provided hereinbefore.

(d) Basic service and such cable communications service as may be provided for any agreement awarding a franchise in accordance with this chapter shall be made available to individual dwellings, residences, including apartment, condominium, cooperative or association building, institutions, organizations, businesses and all other entities within the corporate limits of the city as the same now or in the future may exist, in accordance with the provisions of sections 5.78.070(e) and 5.78.080(b) and all laws governing rights of property and privacy.

This subsection shall not prohibit single point billing.

(g) Neither a cable operator or an owner of property may take actions which would diminish or interfere with the privilege of the owners, tenant or other occupant or the owners building to use or avail himself or herself of master or individual antenna equipment or cable services.

(h) The franchisee shall provide, upon request, at no charge, within the franchise area, one connection for basic service to city buildings, as the city may hereafter designate. The city reserves the right at its expense to extend service to as many areas within such buildings as it deems

desirable without payment of any additional fee to the franchisee. All such extensions, however, shall be accomplished in such a way so as not to affect the technical integrity of the telecommunications network.

(i) Residential installation, including multiple drops, shall be offered as the feeder line passes the dwelling unit.

(j) All installation other than residential shall be initially confined to a single drop at the port as requested by subscribers and shall occur as the feeder line passes the dwelling unit.

(k) All the franchisee's cable equipment shall be removed within a reasonable time, such time not to exceed one month, from a subscriber's property at the subscriber's request.

(l) Where such removal interferes with the provision of cable communications services to another subscriber, it shall be the obligation of the subscriber so affected to secure a legal agreement which will enable the franchisee to provide the subscriber the cable communications service the subscriber desires.

(m) Where attachment to or use of a nonsubscriber's property is necessary for the provision of cable communications services to a subscriber, it shall be the obligation of such subscribers to secure a legal agreement which will enable the franchisee to provide the subscriber the cable communications service the subscriber desires.

(n) Nothing in this chapter shall be construed as a representation, promise or guarantee by the city that any permit or other authorization required under any city law for the construction or installation of a cable communications system shall be issued. (Ord. 61-4568 §2(part), 1984.)

- (1) Each such system shall, to the extent of its available activated channel capability, comply with the following requirements:
  - (A) Public Access Channel. Each such system shall maintain at least one specially designated, noncommercial public access channel available on a first-come nondiscriminatory basis;

(B) Educational Access Channel. Each such system shall maintain at least one specially designated channel for use by local educational authorities. Educational authorities shall include but shall not be limited to North Central Technical Institute and University of Wisconsin, Marathon Center;

(C) Local Government Access Channel. Each such system shall maintain at least one specially designed channel for local government uses.

(2) Until such time as there is demand for each channel full-time for its designated use, public, educational, government and leased access channel programming may be combined on one or more cable channels. To the extent time is available therefor, access channels may also be used for other broadcast services.

(3) Each such system shall, in any case, maintain at least one full channel for shared access programming; provided, however, that, in the case of systems in operation on the effective date of the ordinance codified in this chapter, if insufficient activated channel capability is available to provide one full channel for shared access programming it shall provide whatever portions of channels are available for such purposes. Each such system in meeting its access obligations shall make reasonable efforts in programming its bandwidth to avoid the displacement of access service.

(4) Each such system shall make available all other unused channels, in addition to those which are part of the system's activated channel capability, for the purposes specified in subsection (a)(1) of this section; provided, however, that in making available such additional channels, the system operator shall be under no obligation to install converters.

(1) Equipment Requirement. Each such system shall have available equipment for local production and presentation of cablecast programs other than automated services and permit its use for the production and presentation of public access programs. No such system shall enter into any contract, arrangement or lease for use of its cablecasting equipment for a substantial portion of time for public access programming.

(2) Program Content Control. Each such system shall have no control over the content of access cablecast programs; however, this limitation shall not prevent it from taking appropriate steps to insure compliance with the operating rules described in subsection (b)(4) of this section.

- (3) Assessment of Cost.
  - (A) The channels described in subsection (a) of this section shall be made available free of charge until five years after the system first offers channel time for such cablecasting purposes except educational and government channels.
  - (B) One of the public access channels described in subsection (a) of this section shall always be made available without charge.
  - (C) Charges for equipment, personnel and production of public access programming shall be reasonable and consistent with the goal of affording users and low-cost means of television access. No charges shall be made for live public access programs not exceeding five minutes in length.

All performances and technical standards governing construction, reconstruction, installation, operation, testing, use, maintenance and dismantling of the cable communications system provided for in this chapter shall be in accordance with all applicable FCC and other federal, state and local laws and regulations, provided, however, that the city may require such standards as it deems necessary unless specifically prevented from doing so by law. (b) Any person submitting a proposal to enter into an agreement for the award of a franchise in accordance with this chapter shall provide all information required by this chapter and such other information as may be solicited in the request for proposals or otherwise required. Each proposal shall be responsive to the questions soliciting the information, and shall substantially and materially supply all of the information so solicited. The failure, neglect, or refusal to provide any of such information shall render a proposal invalid and it shall be given no consideration. (Ord. 61-4568 §2(part), 1984.)

5.78.160 Bonds. (a) Proposed Bond. Each applicant for a franchise under this chapter shall submit a proposal bond in a form acceptable to the city clerk or a certified check on a bank that is a member of the Federal Deposit Insurance Corporation, payable to the order of the city in the amount of fifteen thousand dollars.

(c) Each of such reports shall contain a notarized verification by the chief financial officer of the franchisee and such reports shall be verified annually, within ninety days of the close of business on the last day of the calendar year, by a certified public accountant selected by the city at the expense of the franchisee.

(d) The acceptance of any payment required under this chapter by the city shall not be construed as an acknowledgment that the amount paid the correct amount due, nor shall such acceptance of payment be construed as a release of any claim which the city may have for additional sums due and payable.

(e) All fee payments shall be subject to audit by the city treasurer and to assessment or refund if the payment is found to be in error.

(f) In the event that an audit results in an assessment by and an additional payment to the city, such additional payment shall be subject to interest at the rate of eighteen percent per year and to a penalty of eighteen percent per year, which shall be due and payable immediately.

(g) The council shall have the authority to waive all or any portion of the fee for any period of time it wishes.

(h) Franchisee shall, upon request, install without charge, and provide and maintain for the entire term of the franchise agreement, a single drop and basic service to city hall.

(i) Any person submitting a proposal to enter into an agreement for the award of a franchise may offer to the city any consideration that it wishes.

(j) Failure to comply strictly with this section shall be deemed to be a violation of this chapter and a material breach of the agreement awarding a franchise in accordance with this chapter, and shall subject the franchisee to the provisions of section 5.78.290 of this chapter and to all penalties and remedies prescribed in the agreement as well as all other remedies, both legal and equitable which are available to the city.

5.78.180 Transfer or sale of franchise. (a) If the city determines not to reissue the franchise for reasons other than material breach of the franchise or reasons unrelated to the performance of the franchise holder or upon receipt of an application for assignment of the franchisee, the franchisee shall first offer the telecommunications network for sale to the city at a fair and just market value, which value shall include the fair market value of the system as a going concern including the franchise itself and the rights and privileges granted by the city.

(b) When a franchise is revoked pursuant to this section or expires and is not renewed because of a material breach of the franchise, the franchisee shall first offer the telecommunications network for sale to the city at a fair and just market value, which value shall not include any value for the franchise itself or for any of the rights or privileges granted by the city.

(c) In the event "fair market value" becomes an issue, and the determination of fair market value cannot be negotiated or determined, the value shall be determined by an impartial appraisal procedure wherein the franchisee and the city shall each choose an appraiser and the valuation determined by the appraisers shall be considered the fair market value at which the system shall be offered to the city. The cost of the appraisal shall be shared equally by the city.

(d) The city shall have ninety days to exercise the right of first refusal to purchase the network, the ninety days commencing on the day the fair market value of the system is determined either through negotiation or the arbitration procedure. If the city does not exercise its option to

purchase and the telecommunications network is not sold to another operator who has obtained a franchise from the city in a reasonable time, the grantee, upon request by the city, shall promptly remove all its plant. If the city determines not to exercise its right of first refusal, it shall not unreasonably refuse to renew or grant a cable television franchise during a reasonable interim period. While transfer of the system and franchise is being negotiated, arranged or ordered the franchisee may be required to continue service to the public unless for reason beyond the control of the franchisee the operation will be economically infeasible to the franchisee.

(f) If for any reason the franchisee is required to terminate its franchise and remove its plant, structures, etc., then in removing its plant, structures and equipment, the franchisee shall refill at its own expense any excavation that shall be made by it and shall leave all public ways and places in as good condition as that prevailing prior to the company's removal of its equipment and appliances without affecting the electric and telephone cables, wires or attachments. The city shall inspect and approve the restoration after removal. Liability insurance and indemnity and the performance bond shall continue in full force and effect during the period of removal. (Ord. 61-4568 §2(part), 1984.)

5.78.190 Obscenity. (a) The franchisee and all other persons using or making use of the cable communications system shall comply in all respects with all federal, state and local laws regarding obscenity.

(b) Failure to comply strictly with this section shall be deemed to be a violation of this chapter and a material breach of the agreement awarding a franchise in accordance with this chapter, and shall subject the franchisee to the provisions of section 5.78.290 of this chapter and to all penalties and remedies prescribed in the agreement as well as all other remedies, both legal and equitable which are available to the city. (Ord. 61-4568 §2(part), 1984.)

5.78.200 Indemnity and insurance. (a) The city shall not at any time be liable for any injury or damage occurring to a person or property from any cause whatsoever arising from the use, operation or condition of the franchisee's cable communications system.

(b) The franchisee shall indemnify, save and hold harmless and defend the city from all liens, charges, claims, including but not limited to libel, slander, invasion of privacy and unauthorized use of any trademark, trade name or service mark, demands, suits, actions, fines, penalties, losses, costs including but not limited to legal fees and court costs, judgments, injuries, liabilities or damages, in law or equity, of any and every kind and nature whatsoever, except when caused by or arising out of any negligence of the city, its officers, servants, agents, employees or contractors, or otherwise, arising out of or in any way connected with the installation, operation, maintenance or condition of the franchisee's cable communications system.

(c) The franchisee shall obtain and keep in force and effect during the entire term of any agreement awarding a franchise in accordance with this chapter or any extension thereof, insurance coverage in a minimum amount of two million dollars insuring the above indemnification requirements for the benefit of the city. The franchisee shall deliver to the city on the date of execution of any agreement awarding a franchise in accordance with this chapter, a policy of insurance duly executed by the officers or authorized representatives of a responsible and

nonassessable insurance company, evidencing this coverage for the benefit of the city, which policy of insurance shall be noncancellable and provide for at least ninety days prior written notice to the city of the insurer's intention not to renew such policy, or to cancel, replace or materially alter or change the same, such notice to be given as provided in section 5.78.040 of this chapter.

(d) The franchisee shall obtain, effective from the date of execution of any agreement awarding a franchise in accordance with this chapter, and shall keep in force and effect during the entire term of such agreement or any extension thereof, a policy of comprehensive general liability insurance, duly executed by the officers or authorized representative of a responsible and nonassessable insurance company evidencing the following minimum coverages for the benefit of the city as an additional insured, which insurance shall be noncancellable except upon ninety days prior written notice to the city, such notice to be given in accordance with section 5.78.040 of this chapter.

MINIMUM LIMITS

Bodily injury, including death:

\$5,000,000 each occurrence

\$5,000,000 aggregate

Property damage:

\$2,500,000 each occurrence

\$2,500,000 aggregate

(1) A copy of such policy shall be delivered to the city upon the execution of such agreement.

(2) At least ninety days prior written notice shall be given to the city of the insurer's intention not to renew such policy, or not to replace the same, or materially to alter or change the same, such notice to be given in accordance with section 5.78.040 of this chapter. All premiums on such policy shall be at the expense of the franchisee. None of the provisions of this chapter or of any insurance policy required by the city under this chapter, not the receipt of any proceeds, recovered by the city under any such policy, nor any term or condition of any agreement awarding a franchise in accordance with this chapter, shall be construed to excuse the franchisee from the faithful performance of its obligation or limit its liability under any of the provisions of this chapter or of any agreement awarding a franchise in accordance with this chapter.

(e) The franchisee shall obtain, effective from the date of execution of any agreement awarding a franchise in accordance with this chapter, and shall keep in full force and effect during the entire term of such agreement or any extension thereof, physical damage insurance covering losses arising in respect of the following realty and personalty incident to the franchisee's cable communications system, all buildings, offices, studios or other realty and the equipment contained therein, the headend and subheadends, the transmission tower, and all earth stations and all vehicles. No physical damage insurance shall be required for trunk, distribution, feeder or associated drop lines, converters or amplifiers. For the initial five years of the term of any franchise agreement, the

amount of such physical damage insurance shall not be less than the replacement value of the property required to be covered in this chapter, subject to a deductible established in the franchise agreement. For each succeeding calendar year during the term of the franchise agreement, or any extension thereof, such physical damage insurance shall be in such amounts as the committee shall reasonably determine to be adequate to provide the replacement value of the property required to be covered in this chapter, subject to such deductible amount as the committee may determine to be reasonable, for any loss arising from and all damage to or destruction of the property insured. Each policy of physical damage insurance shall name the city as an additional insured, as its interest may appear. For purposes of this chapter "physical damage insurance" means insurance covering loss arising from fire, lightning, windstorm, hail, snow, explosion, riot and civil commotion, smoke and such other perils as are customarily covered by extended coverage insurance, including vandalism and malicious mischief. The policy of insurance required under this subsection shall be noncancellable except upon ninety days prior written notice to the city such notice to be given in accordance with section 5.78.030 of this chapter. At least ninety days prior written notice shall be given to the city of the insurer's intention not to renew such policy or not to replace or materially to alter or change the same, such notice to be given in accordance with section 5.78.030.

(f) With respect to each policy of insurance required to be obtained and kept in force by the franchisee and described in this section, the franchisee shall be solely responsible for the payment of premiums due for the insurance thereunder. The franchisee shall furnish written proof of the payment of such premiums to the city on or before the due date.

(g) No policy of insurance required under the provisions of this section shall be replaced, renewed, canceled or materially changed or altered in any way except upon the express written authorization of the city. No change shall be authorized which would violate the provisions of the section or which would materially affect the protection such policies afford the city.

(1) The unauthorized cancellation, replacement, renewal or material change of any policy of insurance required under this section shall subject the franchisee to the provisions of section 5.78.290 of this chapter and shall be deemed a material breach of any agreement awarding a franchise in accordance with this chapter and shall subject the franchisee to all penalties and remedies prescribed therein and to all other remedies, legal or equitable, which are available to the city.

(2) At any time any policy of insurance required under this chapter is replaced, renewed or intended by the insurer not to be renewed or replaced, or materially altered or changed with or without the express written authorization of the city, the franchisee shall obtain and furnish to the city, within five days of such action, such policy, or copies of such policy, as the case may be, or the insurer's notification of its intent not to renew or replace such policy.

(Ord. 61-4568 §2(part), 1984.)

5.78.210 Rates. (a) The council reserves the right to regulate rates as it has done by ordinance from 1976 to 1984 and as allowed by law.

(b) The franchisee shall file with the city on December 31 of each year, a full schedule of all subscriber and user rates and all other charges including, but not limited to, pay television and discrete services, made in connection with the cable communications system.

All rates shall be published and on file in the office of the city clerk.

(c) Nothing in this chapter shall be construed to prohibit the reduction or waiving of charges.

(d) The franchisee may require all subscribers to pay for basic service not more than two months in advance. The franchisee shall require no other advancement of payment for basic service, provided, however, that nothing in this chapter shall be construed to prohibit an advancement of payment for installation of cable communications services.

(e) In the event that a subscriber fails to pay a properly due and owing fee or charge, the franchisee may disconnect the subscriber's service outlet, upon giving ten days written notice thereof.

(f) The franchisee shall establish and conform to the following policy regarding refunds to subscribers and users:

(1) If the franchisee collects a deposit or advance charge on any service or equipment requested by a subscriber or user, the franchisee shall provide such service or equipment within thirty days of the collection of the deposit or charge or it shall refund such deposit or charge within five days thereafter.

(A) Nothing in this chapter shall be construed to relieve the franchisee of any responsibility to subscribers or users under any contractual agreements into which it enters with them.

(B) Nothing in this section shall be construed as limiting the franchisee's liability for fines or penalties which may be imposed under this chapter or any agreement awarded in accordance with this chapter for the violation or breach of any of their provisions.

(C) Nothing in this section shall be construed to limit the franchisee's liability for damages because of its failure to provide the service for which the deposit or charge was made.

(2) In the event that a subscriber terminates basic service during the first twelve months of service because of the failure of the franchisee to render the service in accordance with the requirement set forth in this chapter, or in any agreement awarded in accordance with this chapter, as determined by the committee, the franchisee shall refund to such subscriber an amount equal to the initial applicable installation or reconnection charge paid by the subscriber.

In the event that such subscriber has made an advance payment, the amount so advanced shall be refunded to such subscriber by the franchisee. Nothing in this section shall be construed to relieve the franchisee of any liability established under any agreement awarding a franchise in accordance with this chapter.

(3) In the event that a subscriber terminates basic service prior to the end of a prepaid period, the prorata portion of any prepaid subscriber fee which represents payment for services which are no longer to be rendered shall be refunded promptly, but in no case more than thirty days after receipt of the request for termination.

(g) The franchisee shall not charge a converter security deposit greater than such converter's actual cost to the franchisee.

Any converter security deposit collected by the franchisee shall be returned to the subscriber upon termination of service by the subscriber and return of such converter undamaged, with allowance for reasonable wear and tear, and payment of any outstanding balance due and payable whichever occurs first. (Ord. 61-4568 §2(part), 1984.)

5.78.220 Police powers. Nothing in this chapter or in any agreement awarding a franchise in accordance with this chapter shall be construed as an abrogation by the city of any of its police powers. (Ord. 61-4568 §2(part), 1984.)

5.78.230 Use of streets and pole attachments. (a) Before commencing construction of its cable communications system in, above, over, under, across, through or in any way connected with the streets, public ways or public places of the city, the franchisee shall first obtain the written approval of all appropriate agencies, including but not limited to all city departments and public utilities.

(1) Applications for such approval shall be made in the form prescribed by the appropriate agency.

(b) Upon obtaining such written approval, the franchise shall give the appropriate agency written notice within a reasonable time of proposed construction, but in no event shall such notice be given less than ten days before such commencement.

(c) Any person who submits a proposal to enter into an agreement for the award of a franchise in accordance with this chapter shall include therein proposed agreements for the use of utility poles with all utility companies whose poles shall be used in or affected by the construction of the proposed cable communications system, which agreement shall become effective on the date of execution of this agreement awarding a franchise in accordance with this chapter in the event that such person is selected to be the franchisee.

(d) It shall be unlawful for the franchisee or any other person to open or otherwise disturb the surface of any street, sidewalk, driveway, public way or other public place for any purpose whatsoever without obtaining proper approval to do so and after proceeding in the manner prescribed in subsections (a) and (b) of this chapter. Violation of this section shall subject the

franchisee to the provisions of section 5.78.290 of this chapter and shall be deemed a material breach of the agreement awarding a franchise in accordance with this chapter and shall subject the franchisee to all penalties and remedies prescribed therein and to all other remedies, legal or equitable, which are available to the city.

The franchise shall restore any street it has disturbed in accordance with the provisions of this code, and shall at its own cost and expense, restore and replace any other property disturbed, damaged or in any way injured by or on account of its activities to as good as the condition such property was in immediately prior to the disturbance, damage or injury or pay the fair market value of such property to its owner, at the option of the owner.

(e) The franchisee shall, at its own cost and expense, protect, support, temporarily disconnect, relocate in the same street or other public place or remove from such street or other public place, any of its property when required to do so by the city because of street or other public excavation, construction, repair, regrading or grading, traffic conditions, installation of sewers, drains, water pipes, city-owned power or signal lines, tracks, vacation or relocation of streets or any other type of structure or improvements of a public agency, or any other type of improvement necessary for the public health, safety and welfare.

(f) Nothing in this chapter or any agreement awarding a franchise in accordance with this chapter shall be construed as authorizing the franchisee to erect and maintain new poles in areas serviced by existing poles. The franchisee shall obtain written approval from appropriate agencies, such approval not be withheld unreasonably, before erecting any new poles underground conduits where none exist at the time the franchisee seeks to install its cable communications system.

(g) The franchisee shall maintain all wires, conduits, cables and other real and personal property and facilities in good condition, order and repair.

(h) The franchisee shall keep accurate, complete and current maps and records of its system and facilities and shall furnish as soon as they are available, two complete copies of such maps and records to the committee and two complete copies of the maps and records to the city engineering department.

Such maps and records shall be available for inspection by the public during normal business hours.

(i) The franchisee shall not place, or cause to be placed, poles or other equipment in such a manner as to interfere with the rights or reasonable convenience of adjoining property owners, or with any gas, electric or telephone utilities fixtures or property, nor shall the franchise place, or cause to be placed, such poles or equipment in the right-of-way between the carway and the right-of-way boundary except with the written approval of the appropriate city agency.

(j) The franchisee shall comply with all FCC rules and regulations governing the construction and installation of cable communications systems. In addition:

- (1) All cables and wires shall be installed parallel with existing telephone and electric utility wires whenever possible;
- (2) Multiple configurations shall be in parallel arrangement and bundled, in accordance with engineering and safety considerations; and
- (3) All installations shall be underground in those areas of the city where both telephone and electric utilities' facilities are underground at the time of the installation of the franchisee's cable communications system.
- (4) In areas where either telephone or electric utilities' facilities are aboveground at the time of the installation of the franchisee's cable communications system, the franchisee may install its service aboveground only upon the condition, which shall be included in any agreement awarding a franchise in accordance with this chapter, that at such time as those facilities are placed underground by the telephone and electric utility companies or are required to be placed underground by the city, the franchisee shall likewise place its facilities underground at its sole cost and expense.

(k) The city engineering department may, when it feels it is necessary, notify the franchisee of street improvements where paving, regrading, grading or resurfacing of a permanent nature is involved.

- (1) Such notice shall describe the nature and character of the improvements, the streets upon which they shall be made, the extent of the improvements, and the work schedule for the project.
- (2) The city shall allow the franchisee to make additions, alterations or repairs to its facilities in advance of the city's commencement of such improvements so as to permit the franchisee to maintain continuity of service and so as not to hinder or in any way delay the city's work.

(l) The franchisee shall, at the request of any person holding a permit to move a building, temporarily raise or lower its wires to permit the moving of such building.

- (1) Such temporary removal, raising or lowering of wires shall be at the cost and expense of the person requesting the same, and the franchisee shall have the authority to request payment for the same in advance before complying with such request.
- (2) Any person making such a request from the franchisee shall give not less than five days notice of the contemplated move.
- (3) Any interruption in service occasioned by the temporary removal, raising or lowering of the franchisee's wires in accordance with this section shall not subject the franchisee to any penalty provided under section 5.78.310 of this chapter.

Any interruption in service occasioned under the provisions of this subsection (1) of this section shall be done, as far as is practicable in the opinion of the committee, during nonpeak viewing hours.

(4) The franchisee shall restore any wires moved in accordance with this chapter to the former position as soon as possible after the building is moved.

(m) The franchisee may trim trees or other vegetation owned by the city to prevent their branches or leaves from touching otherwise interfering with its wires, cables or other structures.

(1) All trimming or pruning provided for in this chapter shall be done only under the supervision and direction of the appropriate city agency and only with its prior written approval.

(2) All trimming or pruning shall be at the expense of the franchisee.

(3) The franchisee may contract for such trimming or pruning services with any person approved by the city prior to the rendering of such services.

Any person engaged by the franchisee to provide tree trimming or pruning services shall be deemed for the purposes of this chapter and any agreement made in accordance with this chapter to be an employee of the franchisee when engaged in such activity.

(n) The franchisee shall obtain the written permission of the owner of any privately owned tree or other vegetation before it trims or prunes the same.

(o) The franchisee shall comply with all laws concerning city property. (Ord. 61-4568 §2(part), 1984.)

5.78.240 Transfers and assignments. (a) The franchise granted under this chapter shall not be assigned or transferred, either in whole or in part, or leased, sublet or mortgaged in any manner, nor shall title thereto, either legal or equitable, or any right, interest or property therein, pass to or vest in any person, either by the act of the franchisee or by operation of law, without the consent of the city. The granting, giving or waiving of any one or more such consents shall not render unnecessary any subsequent consent or consents.

(b) The consent or approval of the city to any assignment, lease, transfer, sublease or mortgage of the franchise granted to the franchisee shall not constitute a waiver or release of the rights of the city in and to its streets.

(c) The franchisee shall promptly notify the city of any actual or proposed change in, or transfer of, or acquisition by any other party, of control of the franchisee. The word "control" as used in this section is not limited to majority stock ownership but includes actual working control in whatever manner exercised. A rebuttable presumption that a transfer of control has occurred shall arise upon the acquisition or accumulation by any person or group of persons of ten percent of the voting shares of the franchisee in any one transaction. Every change, transfer or acquisition of

control of the franchisee shall make the franchise subject to cancellation unless and until the city shall have consented thereto. For the purpose of determining whether it shall consent to such change, transfer or acquisition of control, the city may inquire into the qualifications of the prospective controlling party, and the franchisee shall assist the city in any such inquiry. If the city does not schedule a hearing on the matter within sixty days after notice of the change or proposed change and the filing of a petition requesting its consent, it shall be deemed to have consented. In the event that the city adopts a resolution denying its consent and such change, transfer or acquisition of control has been effected, the city may cancel the franchise unless control of the franchisee is restored, or the franchisee gains a status which is acceptable to the city.

(d) Nothing in this subsection shall be deemed to prohibit a mortgage or pledge of the cable television system, or any part thereof, for financing purposes or otherwise, nor prohibit the disposition of facilities or equipment no longer required in the conduct of the business. Any such mortgage, pledge or lease shall be subject and subordinate to the rights of the city under this chapter or other applicable law.

(e) Any proposed transferee shall execute an agreement in the form and containing the conditions approved by the city attorney that it will assume and be bound by all of the provisions, terms and conditions of this chapter and any agreement awarding a franchise in accordance with this chapter and all applicable federal, state and local laws, and further that it shall be primarily liable and obligated under such documents without, however, relieving the franchisee from its obligations to the city under franchisee from its obligations to the city.

(f) No transfer of a franchise shall be made within thirteen months of the termination date of the term of the agreement.

(g) Nothing in any approval by council or execution by the mayor or an authorization of any transfer or assignment of any ownership interest shall be construed to waive or release any rights of the city in and to the streets, public ways, and public places of the city or as a release of any of the city's police powers. (Ord. 61-4568 §2(part), 1984.)

5.78.250 Breach. (a) The occurrence of any of the following listed events shall be deemed a material breach and default of any agreement awarding a franchise, and shall subject the franchisee to all penalties and remedies prescribed in the agreement and to all other remedies, legal and equitable which are available to the city: The following shall be deemed an unauthorized transfer and assignment under the provisions of this section:

- (1) Concealed, removed or permitted to be concealed or removed, any part of its property, with intent to hinder, delay or defraud its creditors or any of them, or made or suffered a transfer of any of its property, fraudulent under any provisions of law; or
- (2) Made or suffered a preferential transfer; or
- (3) Suffered or permitted, while insolvent, any creditor to obtain a lien upon any of its property through legal proceedings or distraint and not having vacated or

discharged such lien within thirty days from the date thereof or at least five days before the date set for any sale or other disposition of such property; or

- (4) Made a general assignment for the benefit of its creditors; or
- (5) While insolvent or unable to pay its debts as they mature, procured, permitted or suffered voluntarily or involuntarily the appointment of a receiver or trustee to take charge of its property; or
