PUBLIC HEALTH & SAFETY COMMITTEE

Date and Time: Monday, January 19, 2015, at 5:15 pm, (Council Chambers)

Members Present: Rasmussen (C), Wagner, Gisselman, Kellbach, Neal

Others Present: Alfonso, Hardel, Kujawa, Rayala, Hebert, Nutting, Mielke, Groat, Goede, Dick Holster, Jon Radtke, Deb Ryan, Marie Schmidt, Mike Wadinski, Nicholas Thomas, John Hall, Jon Radtke, and media.

Minutes of previous meeting(s) (12/15/14)

Motion by Kellbach, second by Neal to approve the minutes of the previous meeting (12/15/14). Motion carried 5-0.

Consider two requests for waiver of 3.06.010(a) Payment of taxes, claims forfeitures, judgments prior to issuance of license or permit, due to extraordinary financial hardship. (Michael Wadinski and Nicholas Thomas)

Michael Wadinski, 1229 S 6th Ave, addressed the committee stating he was a fulltime student and needed the license in order to work more hours; he currently works one day per week. The clerk noted he owed Municipal Court fines in the amount of \$1236. Wadinski indicated he would set up a payment plan, but needed the additional hours to do that. Wagner commented he has not incurred any new fines since 2008, which was good, but he felt they should get some follow up as to whether a payment plan is set up. Rasmussen indicated she would vote no because she did not feel he showed any mitigating circumstances that his financial hardship was any worse than anyone else's.

Motion by Gisselman, second by Neal to approve the waiver for Michael Wadinski. Motion carried 4-1.

Nicholas Thomas, 421 N 2nd Ave, addressed the committee stating he has been dealing with child support and rent and therefore has been unable to pay his fines. The clerk indicated the Municipal Court fines were \$1463.60 and Rasmussen noted they appeared to be fairly recent from 2014. Wagner questioned why he did not appear for court dates for these violations and Thomas indicated he forgot. Rasmussen stated there were eight different violations, potentially three or four separate court dates that were missed, so she would vote no because some of these could have been avoided if he had attended his hearings.

Motion by Gisselman, second by Neal to approve the waiver for Nicholas Thomas. Motion failed 2-3.

Discussion with owner of Mountain Lanes as to status of current business operations. (Connie Nowicki)

Connie Nowicki, 1401 Elm St, stated she has been in business approximately 22 years and everything was great up until 2013 when she became very ill and was hospitalized three times, with the last time resulting in a coma for 12 days. She has been in physical rehab for a year and her employees tried to continue running the lanes for a period of time, however, she decided to close for most of the summer. She commented she has been considering closing summers for a few years because she loses money in the summer, but didn't want people to think she was closed permanently. She indicated her staff opened a couple times in the summer for some scheduled parties. She stated she re-opened in September for league bowling, John Muir phy ed program as well as Horace Mann, although it is not open as much as she would like. She is in the process of hiring and training new staff.

Discussion and approval of RFP for refuse and recycling.

Rasmussen stated the Coordinating Committee directed the Public Health & Safety Committee to review the Request for Proposal the city would like to release for refuse and recycling services. She indicated they assembled a focus group to obtain public input, consisting of a senior citizen, a representative from a young family, Meleesa Johnson – Marathon County Solid Waste, and Landlord, Dick Holster. She stated Finance Director Maryanne Groat took their input and incorporated it into the RFP. She indicated Groat would give the same presentation to the committee that she gave the focus group.

Groat's presentation included pictures from a couple neighborhoods in the city showing how antiquated and insufficient our current recycling containers are. She stated the consideration is going to a fully automated or a fully carted system for refuse and recycling. Also moving to a single stream for recycling, which means anything that is recyclable can be thrown into the one bin. Other things that a fully carted system would provide to the community are improvement of aesthetics in the neighborhoods and animal protection from tearing into garbage.

Groat clarified the city can provide any level of service regardless of whether it is on the levy, so we can be fully automated and have it be on the levy or fully automated with a separate charge; the service could also remain the same, but be a separate charge. Rasmussen questioned how a separate charge would be invoiced and Groat responded it would be shown as a separate charge on the tax bill.

Groat referred to the samples of carts/sizes on display in the Council Chambers. Discussion took place regarding automated versus the current method of pickup; the size of the various carts; and the effect on recycling. Groat stated she could bring back all proposals to them for review or they could put together a small group to go through them and make some recommendations. Neal felt the responses should be vetted and summarized for the committee. Rasmussen indicated the focus group could do that and then bring it to a special PH&S meeting.

Motion by Neal, second by Gisselman to approve the RFP as presented subject to legal review. Motion carried 5-0.

Consider various license applications.

Rasmussen noted JK Gumbo of Wisconsin LLC applied for a Class B Beer & Liquor license and was recommended for approval by the Liquor License Review Subcommittee which reviewed the Plan of Operation.

Rasmussen indicated there was an application from John Hall, d/b/a 3rd Avenue Treasures for a Pawn Broker License, who was present to answer questions. She questioned how long the business has been in operation. Hall stated he opened a consignment shop in September but it wasn't making money because people don't want to consign items anymore. He indicated the customers were requesting cash or pawn loans, so he learned he needs the license. Rayala questioned if he had any employees and Hall responded that he no longer did and would be the only one working for the present time.

Motion by Neal, second by Kellbach to approve or deny license applications as recommended by staff. Motion carried 5-0.

Discussion and possible action on creating Section 9.04.027, Quadricycles (prohibition of alcohol consumption on).

Alfonso indicated she was asked to bring this to committee by Chief Hardel. She explained the state passed a law recently allowing alcohol consumption on quadricycles and excluded any pre-existing ordinances that prohibit it, so we would have to pass a new ordinance if we don't want them.

Neal indicated he did some research and has seen them in some other communities. They appear to be gaining popularity and have been made legal, but the state has given municipalities the power to accept or reject them. He was concerned about disallowing them just because we don't like them. Some complaints he found about them were that they were noisy and/or littering. He felt they should look into it further before taking action on this.

Chief Hardel commented it is illegal to operate a vehicle while you are drinking; it is illegal to drink in a vehicle as a passenger; it is illegal to walk around the downtown with open intoxicants, other than The 400 Block; and this will just bring more confusion. He did not believe a pedal-pub was safe to be on our city streets. Wagner agreed it would be confusing as to how to liquor license it, what the territory or mapping would be or how it could fit in with our current regulations. Chief Kujawa pointed out that they already deal with injuries of people that fall off of stationary bar stools and she could not imagine the injury rate for something that is moving with alcohol on board. She noted the head injuries could be deadly.

Neal felt they should be proactive and look at how we could possibly have them and where. Rasmussen stated we need some sort of policy so that the Clerk's Office can answer inquiries as event season approaches. Neal suggested researching the safety issues and what areas may or may not be safe to allow them. Alfonso suggested involving Bill Duncanson regarding use in the parks. She indicated she could look to see what other communities were doing with them. Consensus was to defer action to gather more information.

Discussion and possible action on amending Section 1.01.025(c)(1)(B), Schedule of cash deposits.

Withdrawn.

Discussion and possible action on amending Section 16.04.039, Residential Rental Licensing regarding term of license.

Alfonso explained because of the way we deferred implementing rental licensing this summer due to the lawsuit, we would like to change the license period to run from December 1st to November 30th rather than July to June, in order to allow applicants a full year.

Motion by Wagner, second by Kellbach to approve the amending to Section 16.04.039. Motion carried 5-0.

Amend Section 6.48.010 Mowing required, to include public parkland

Rasmussen stated at the budget sessions Council decided less moving in parks was something they wanted and it was determined there were environmental benefits as well. The ordinance needs to be amended in order for the Park Department to accomplish this and have longer grass in certain areas.

Motion by Kellbach, second by Gisselman to approve amending Section 6.48.010. Motion carried 5-0.

Quarterly Property Maintenance Inspection Report

Bill Hebert summarized the report noting in 2013 they had only one property inspector; in 2014 a second inspector was added and the assistance of CSO's. Officers communicated with residents the first few months and then began with immediate citations after July. 200 tickets were issued, but only 68 that were paid and 28 that were appealed. Staff has been instructed to follow up with a municipal ticket if they are not paid within the timeline or appealed. Discussion followed regarding property violations, education, discretion and tickets.

Operations Report from Fire Department for December 2014

Chief Kujawa presented the report and noted she learned the Wausau Fire Department actually has a 65.4% cardiac arrest save rate, as opposed to the 40% she previously reported.

Tavern Activities / Compliance Checks / Law Enforcement Activities

Hardel presented the Tavern Report for December 8, 2014 through January 04, 2015: *(See attached.)*

Communications

Rayala commented on procedure change for Pet Fancier permits in regard to applying for the permit before the applicant obtains the additional pet(s)

Adjournment

that he just wanted the info added to the original call. Also stated that he will contact his attorney to speak about the situation as he feels this was wrongful termination. I advised him if he needed to speak to officers again to let us know

Whiskey River, 5512 Stewart Ave., Case #15-664, 01-25-15 at 3:30am: Officer on patrol observed several vehicles in the parking lot and the “open” sign was lit. There were also lights on inside the building. Officer stopped to investigate and made contact with the owner inside. There were seven people gathered at the bar with water being poured into glasses. The owner advised that everyone present was an employee, and they were being trained on mixing drinks. As officer spoke with the owner, a male was observed ducking down and running toward the door to the kitchen. The male was located hiding in the cooler in the kitchen. The male (Scot) was found to be underage. He admitted to drinking alcohol at another location. It was learned that the male was the bartender’s boyfriend, and the bartender was the owner’s daughter. Officer cited the owner and bartender for permitting underage person on premises. The male was cited for obstructing and underage alcohol consumption.

(It should be noted that officers had responded to Whiskey River on 01-23-15 for a report of a fight, in which a patron was fighting with another “regular” customer named “Scot.” Neither party was on scene at the time. It is unknown if “Scot” from this incident is the same from the above incident.)
