

Chapter 19.12

PERMITS

Sections:

- 19.12.010 Installation permit.
- 19.12.020 When required.
- 19.12.030 Fees.
- 19.12.040 Application.
- 19.12.050 Restrictions on issuance.
- 19.12.060 Expiration.

19.12.010 Installation permit. No person shall install or cause to be installed any plumbing or drainage unless a permit therefor has been issued by the plumbing inspector, and no plumbing shall be used until it has been inspected and approved by the inspector. No permit fee shall be refunded and no permit shall be transferable. (Ord. 61-4380 §1(part), 1978.)

19.12.020 When required. A permit shall be obtained:

- (a) To perform any clearwater drainage or plumbing work as defined in Chapter 145 of the Wisconsin Statutes, the Wisconsin Administrative Code (WAC), or this title;
- (b) To abandon a water or sewer system before a wrecking or moving permit shall be issued by the city;
- (c) For the installation, replacement, or relocation of any water conditioning unit. Only the original installation of exchange regeneration service type units require a permit;
- (d) For the installation, replacement, or relocation of any domestic water heating unit;
- (e) For construction of any water distribution system from a source other than city water mains;
- (f) For the connection of any dispensing unit to water and/or waste pipes;
- (g) For the connection of any injection equipment intended to inject or otherwise insert any chemical, soap, or other material of any kind whatsoever into any water distribution pipe;
- (h) For the water and/or waste connection for each water-cooled air conditioner or water-cooled motor of humidifier;
- (i) For the installation of all inside roof leaders or downspouts;
- (j) For new or reconstructed sanitary sewer lateral or storm drains;

- (k) For new or reconstructed water service extension from water main to curb stop or to building;
- (l) For the installation of any sump pump or ejector;
- (m) For the discharge point of any subsoil or footing drain. The storm sewer or catch basin or sump will not require an additional permit at the discharge point;
- (n) When inspection is requested, except for inspection of plumbing work to be shipped out of the city;
- (o) A permit will be required for the replacement of all plumbing fixtures;
- (p) Permits may be applied for by licensed master plumbers and qualified home owners pursuant to Chapter 145 of the Wisconsin Statutes, either or both of whom may be prosecuted for the failure to obtain the permit prior to the commencement of the job. (Ord. 61-5472 §3 (part), 2011, File No. 78-0745; Ord. 61-4654 §(part), 1988; Ord. 61-4380 §1(part), 1978.)
