- **State approved plans: One set of plans and the State approval letter required; or**
- **Plans submitted to City for approval: Two sets of plans and a State SBD-118 form are required.**

Stormwater Management Requirements for New Construction and Additions:

Chapter 15.56 of the Wausau Municipal Code requires that all proposed land development activities within the City of Wausau be reviewed by the City Engineer to determine the applicability of the requirements of the City's Stormwater Management Ordinance to that land development activity.

A "Determination of Applicability of City of Wausau Stormwater Management Ordinance" form should be completed and submitted to the Engineering Department. If you have any questions regarding the requirements, contact the Engineering Department at (715) 261-6740.
