Incubator Tenant Chang Best Eggrolls Expands

The Entrepreneurial and Education Center (EEC), Wausau's business incubator located in the Wausau Business Campus on 72nd Avenue announces the continued expansion of a business tenant Chang Best Eggrolls led by local businesswoman Lee Xiong. "We started as an eggroll service and our customers begged for more- so we added crab rangoon, fried rice and beverages- we are growing with what our customers want," commented Ms. Xiong the owner. Chang offers catering specials and available delivery for any size business or event and their business has expanded significantly serving corporate lunches and events. Visit their new food truck which can be spotted at local events, including the Thursday Marketplaces sponsored by Wausau Events on The 400 Block.

"It is great to see yet another business grow at our incubator, we're proud to have worked with many small businesses in the food and value-added food processing space," noted Romey Wagner- the EEC's Manager. The EEC is an independently run organization established in 2006 with the City's assistance and currently houses 30 tenants working in diverse fields from advanced manufacturing to food production.
