LOOKING FOR LIVE CHRISTMAS TREE DONTATIONS

The City of Wausau Parks Department is in need of live donated Christmas trees to decorate our city this holiday season. We typically need four trees that are placed at City Hall, the Courthouse and various other key points within the city.

Trees need to have access with large equipment relatively close to a driveway, alley or street. Trees need to be in the 20-foot range or larger. If you have a nice tree and are willing to donate it, please contact the Parks Department at 715-261-1550 and leave your name, address and phone number. Someone will return your call as soon as possible.

Thank you.
