### ***For Immediate Release***

## **GOVERNMENT/EDUCATION Webstreaming/On-Demand**

*November 4, 2014* – The City of Wausau is pleased to partner with the Wausau Area Access Channels (WAAC) in streaming all local government meetings and all educational programming (Wausau School Board, County Board, City Council, UWMC Forums, etc.). This streaming allows the community to view what is currently being played on the Public Access Local TV Channel 981-Government/Education. You can access the stream at <http://waac.pegstream.com>.

Wausau Area Access Channels also provides local video on-demand programming for our community. All government meetings from the past 6 months can be viewed at the on-demand website at <http://waac.pegcentral.com>. Programs will include City, County and School Board Meetings, high school sporting events, church services, debates and other local informational, educational and entertainment programs. WAAC is seeking to showcase future cultural and local community events. The city is pleased to offer this enhanced communication tool to provide an open and transparent exchange of information.
