## MEDIA ANNOUNCEMENT

For immediate Release

12/12/14

Contact: Dave Erickson – 715-261-6941(office), 715-571-7842(mobile)  
Wausau Wastewater Superintendent

A number of residents in the southeast Wausau neighborhood reported problems this morning with sewage backing up into their basements. The problem appears to be related to work being done by a private contractor who was cleaning the sewer connecting the City of Schofield with the City of Wausau sewer collection system. The problem has been corrected and we do not anticipate additional problems. Please contact Dave Erickson, Wausau Wastewater Superintendent, at 715 571-7842 if you have any questions or concerns.
