

Welcome to the 43rd Annual Children's Festival

The Children's Festival was organized in 1973 by a group of individuals interested in the education and development of the young child. It is planned for parents and children. Its purpose is not just to entertain, but to challenge.

The Challenge to Children...

- to explore and experience new things
- to expand their abilities and knowledge
- to share feelings and experiences with others.

The Challenge to Parents...

- to share with, observe, and learn from their child
- to recognize that curiosity produces most learning
- to offer their children experience that expands and motivates their personal growth.

Many Thanks

The Children's Festival is sponsored by the Wausau and Marathon County Parks, Recreation and Forestry Department and the Children's Festival Committee.
