

Installing Any Connect (VPN)

1. First click on this link <https://vpn.co.marathon.wi.us>
2. If it does open up type the above link into your address portion of your browser.
3. Login with your computer username and password. You will either be prompted for the install or it will just begin installing on its own.

4. This will be the new VPN icon.
5. Make sure that the address is in the window below before you try to connect.
